Evidence of UFOs interfering with U.S. nuclear weapons

Minot AFB, August 1966 – UFO disrupted communications of LCF – well documented in Blue Book Report

Malmstrom AFB, March 16, 1967 – 10 missiles shutdown of Echo Flight during UFO sighting by maintenance and security guards. Audio recording of Walt Figel stating UFOs were reported during shutdowns; signed statements from Eric Carlson, crew commander, supporting Figel's statements.

Malmstrom AFB, March 24, 1967 – 10 missiles shutdown of Oscar Flight during UFO encounter at LCF as reported by security guards to launch crew. Testimony and signed affidavit of Robert Salas; Audio recording and signed statement of Frederick Meiwald, crew commander, that UFOs were reported by security personnel during missile shutdowns.

Documents in support of Malmstrom cases:

- Telex message dated March 17, 1967 from Strategic Air Command HQ to support units stating Echo flight missiles shutdown for “no apparent reason” and is a “cause for grave concern”
- 341st SMW History Report, January 1- March 31 1967 states that investigative team concluded that external generated signals caused the shutdowns. This report also states there were ‘rumors’ of UFOs at the time of the Echo shutdowns

- Signed statement of Robert Kaminski, Boeing Investigation team leader of Echo flight that UFOs were involved in shutdown and no viable cause for shutdowns was determined.
- Affidavit of Robert Jamison, who was maintenance officer that restarted Oscar flight missiles and confirmed UFOs were reported as the cause of shutdowns
- Affidavits of seven witnesses who spoke of their experiences of UFO encounters at nuclear bases during September 27, 2010 press conference

Other documents and witness statements are also available.
